JOHN MONDLOCH
REMODELING, INC.

John Mondloch Remodeling is a Design-Build Remodeler which means we can design and build your remodeling project - a distinctive characteristic that few remodelers' can claim. You work with one company and one contract from the initial concept through completion. As a Design-Build Remodeler we work as an efficient team. This equates to a faster timeline from start to finish, reduced costs, superior quality, and higher customer satisfaction.

About Us

John Mondloch Remodeling is a premier remodeling company which prides itself on quality and craftsmanship. We have a great eye for design and have helped hundreds of clients achieve their dreams. It is often the attention to small details that turns a project from ordinary to extraordinary.

A TRADITION OF ARTISTRY: We are a family owned business. John, a St Cloud native, has spent his entire adult life in the construction field, and enjoys the trade. But it's about more than construction. John comes from a family of artisans. The artist's touch is evident in the work completed by John and his talented team.

OUR ATTENTION TO DETAIL: Clients and friends tell us that our attention to detail shows in the craftsmanship and finishing touches that make their home a work of art. We also display excellence in our day-to-day work, our crews make sure to straighten and clean the jobsite at the end of each day.

EVERYTHING ON TIME: We are predictable. You never have to guess when we are going to get things finished, our project managers oversee all of the details to make sure your project is completed on time. You receive updates on materials and when our crews will be there so that you always know what to expect.

We work closely with our clients to see that their dreams become realities. Remodeling or building your dream home does not happen overnight. We are dedicated to your family and your vision.
